Thanksgiving 1969--A Time For Thanks-Giving

By The Rev. C. RICHARD MITCHELL

When the Pilgrims came to the shores of the New World in the early 1600's, they came as a people who had been persecuted, driven from their homeland, and a people who had lost hope in reforming the religious life of their home country.

The Pilgrims were part of the Puritan movement of the English religious scene. The Puritans were so named for their continuing desire to go much further than Henry the VIII had gone in the reformation of the life of the Church.

Henry had assumed the leadership role of the Church in England and had made a few other changes; however, the common life of the Church had not been too greatly modified. The Puritans had sought greater modification or purity.

Within the Puritan movement there were two groups. The first felt that they could bring additional reform by staying within the Church and exerting additional pressure. The other group felt that such a role was without hope. They saw their only hope outside of the established Church. This branch of the Puritan movement was known as "Separationists" or as they are known to us, "Pilgrims".

The Pilgrims learned that they could not live in separation. In England, the separationist's activities caused them to be persecuted and finally driven from their homes. In the New World, they also found that they could not live in separation from the Indians about them. They tried and many of them died.

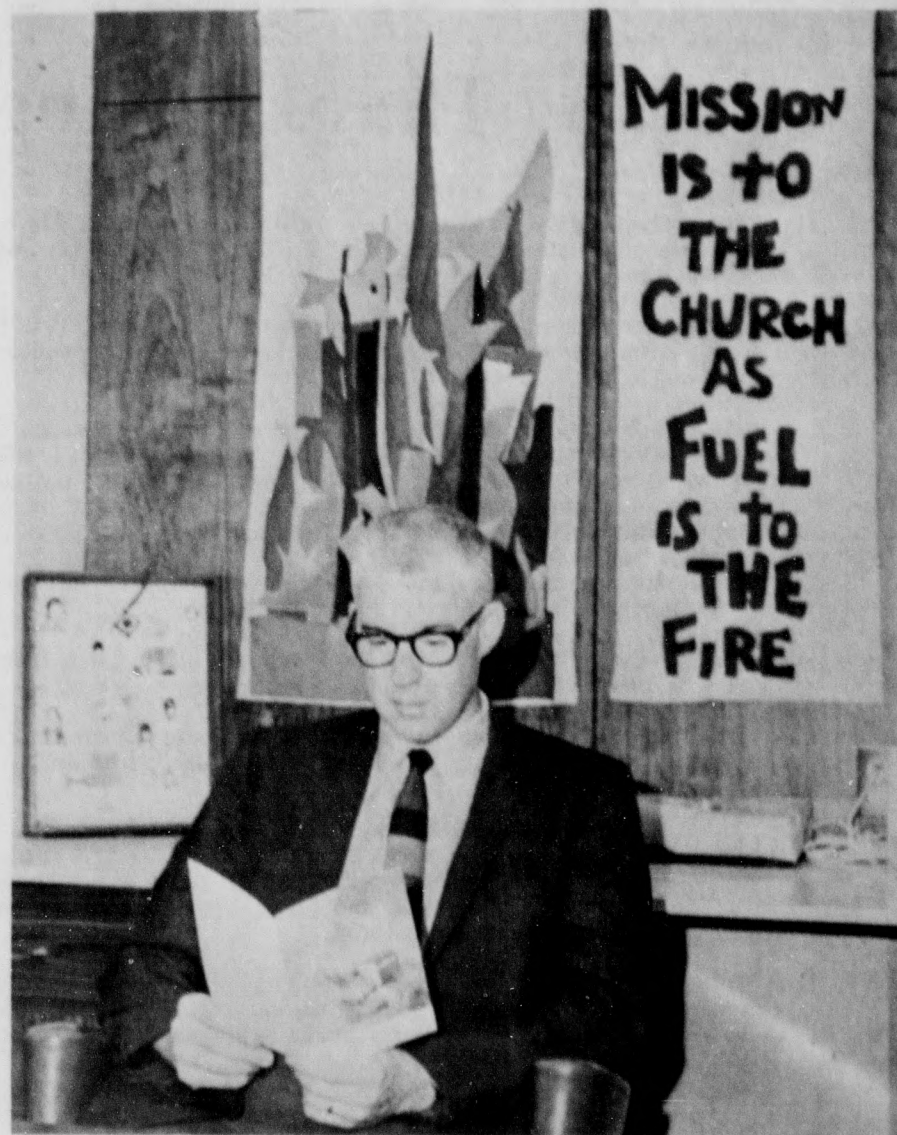

So it is that Thanksgiving Day means a great deal more than thankfulness for a bountiful harvest. It is a lesson which has been impressed into the very fabric of our American heritage: "That no man or group of men can live in isolation, we have been created to be a family, a family which includes all men." It was a hard lesson for the "Separationists" to learn. They had to recognize that they could not exist without meaningful relationships with the Red Man of the New World. When they learned this, their lives moved from impending tragedy to a life of hope.

In the artist's representation of the first Thanksgiving Day there is to be found two points of focus. The one naturally centers upon the abundant table, the richness of the field's production which meant that these Pilgrims had the assurance of food through the long cold winter. But the second focus, which every school child would call to our attention if it be missing, was the presence of the Red Man in his native dress of robes, moccasins, and feathers joining the feast.

This Red Man in his festal garb represents something much more necessary and essential if a meaningful life was to be known and lived. The Pilgrims had learned not only how to cause the earth to provide their foodstuffs, but the further lesson that life cannot be lived in isolation and separation. Men must live together or else most assuredly they will die in isolation.

So it is that Thanksgiving is more than just a national holiday wherein man gives thanks for a bounty of foodstuffs. It is a day of national HOPE. It is a day of reaffirming the fact that man can change. It is a day when we recognize anew that even though men would dedicate themselves to separation, isolation and introversion, there is a power beyond them who calls them into meaningful relationship and fellowship with circumstances and men who are vastly different than they. It is this HOPE that we must affirm once again this Thanksgiving Day 1969.

Too many of us have separated ourselves as did the Pilgrims into White, Red, Brown and Black communities. We have separated ourselves into many factions over the War in Viet Nam, the role of government in our daily living, the degree of our responsibility for social, political and economic righteousness and justice in our country.

Rev. C. Richard Mitchell

There are those who, viewing this scene, predict the ultimate collapse of our nation--they find no hope for resolving our differences.

Thanksgiving Day provides that hope and reassures us in our struggle. As was demonstrated by the early "Separationists"--the Pilgrims, God has created all men as his children. If we try to separate ourselves from each other we will surely die. If we seek to break out of our isolation and bridge the gap of separation while maintaining our own identity as the Red Man did in his robes and feathers and the Pilgrim fathers in their black broad brim hats, cloaks, big buckled shoes, this Thanksgiving Day can once again establish for this nation and for the world the HOPE of a better day which all men so desperately need.

Boys Club Finances Need Community Help

By Jenny Kirkpatrick

POOL PROBLEMS - Rudy Rodriguez, (right) has had problems getting a pool table repaired and more cues at the Boys Club, so more boys can use the tables. Coming to his aid were the Kiwanis Club of Upland who presented the director with a check for \$152.83. Making the presentation was (from left) Randy Bond, publicity chairman, Karl Leach, boys and girls committee chairman and accepting is Kell Gregg, treasurer, Boys Club.

The Boys Club, while still solvent financially, will need to raise funds in the very near future and re-appraise the future finances. The balance as of October was \$1,116.67 and more money will be needed as there is \$300 going to pay for the land and building and the executive director's salary to be met monthly.

There are also other obligations like social security, workmen's compensation, and the ever-present utilities, and house running money. The board of directors have pared the budget to the bone this year by eliminating all expense they can, not that much isn't required spending.

Shortly, a decision will have to be made on fund raising and replacing the building. If the land exchange between the city and the Boys Club is not put together, then private land will have to be sought. There are several possibilities on land that may be explored.

It is the express desire of the board to get the club on a self-paying basis, and it has been done in other cities.

On a recent field trip to the San Diego area, boys clubs were toured seeking information that would be helpful to Upland. The clubs ranged from very posh to

basic, but they all had one element, community support and private money.

The San Diego Boys Club was magnificent. Its cost runs in the thousands, all raised by private funds. The Oceanside club has become self-sustaining by fund raising and private donations.

Carlsbad Boys Club has a swimming pool that was donated and is used by the school district and their gym houses the high school basketball games for the basketball season.

The Vista Club, in a community of 22,000, has built their facilities in four phases with the help of the community. One man donated some \$92,000 to build the gym. Businessmen in the area have pitched in and helped establish a room and auto shop for the older boys. The auto shop will help with vocational training.

These buildings and programs did not come overnight, but required hard work, planning and community involvement.

Many service clubs in Upland have supported the Boys Club through thick and thin and many people have donated time and money. It is now time to build for the future and this will require great dedication of all people. We believe that Upland can meet this challenge.

MONEY FOR BOYS CLUB -- Gloria Perez, president, United Parents of Progress, presents a \$75 check to Kell Gregg, treasurer of the Board of Directors, Boys Club and Rudy Rodriguez, director of the Boys Club. The money was raised through a rummage sale and a pot luck and will be used for the Building Fund of the Boys Club.

Enrollment Down In Upland Schools

Enrollment in the Upland City School District has dropped off for the first time in many years. Vern Orum, superintendent of schools, told the Board of Trustees at its Tuesday meeting.

"Until this year, we have had an increase in enrollment, sometimes as high as 19 percent. This year we have had fewer pupils than in the previous four years," Orum said.

He told the board the figures were based on first day enrollment and the following Monday enrollment, and finally on another count in April. In the years from 1965 to Sept. 1969, the figures have risen, this year, they are down.

Orum said factors figuring in the decrease were probably better family planning with a decreased size of family and the fall off of home construction in Upland; there just aren't as many houses being built this year, he said.

"It is not determined which has the greater effect on the enrollment," he said. "We do feel that a pattern might be developing and how long it will last we don't know," he added.

The enrollment figures show the following:

Year	First Day	Increase Over First Day Previous Year	Fol. Mon-day	April	Growth During Year
1969-70	5942	-10	6032		
1968-69	5952	286 5.04%	6063	6009	57 .095%
1967-68	5666	225 4.13%	5799	5958	292 5.15%
1966-67	5441	408 8.10%	5501	5616	175 3.21%
1965-66	5033		5122	5299	266 5.28%

One Day Holiday

City offices will be closed only on Thanksgiving Day. They will be open on Friday, Nov. 25, as well as the banks and mail will be delivered.

A city spokesman said trash pick-up will be delayed by one day due to the holiday.

Schools will observe the two day holiday and are enjoying one of the few long week-ends in the school year.

Library Closing On Friday 3 P.M.

The library will close at 3 p.m. Friday, Nov. 28, so that the carpeting may be cleaned. Mrs. Louise Franke, librarian, announced today.

The closing is just for this one afternoon and the library will resume its regular schedule on Saturday at 9:30 a.m.

Patrons are urged to return their books prior to the 3 p.m. closing.

Growth Coming Chamber Can Help

"We can expect fantastic growth in this area in the next five years and the Chamber of Commerce can help," Dick Hall, general manager, Chino Basin Municipal Water district told the members of the Chamber of Commerce at the group's monthly breakfast meeting held Friday at the Arbor Restaurant.

He said while growth was rapid in all areas, he could report only in terms of growth within his district.

"In five months, the gross income rose to \$62,800 and became self-paying. This is an indication of the activity in the area we can expect in the next five years," he said.

"There are six major firms which will be added to our district soon, for which we handled a specialized service," he added.

"The part the chamber can play in this growth is one of public relations and involvement."

"The managers of most cham-

bers are handicapped by time, and some of their duties could be assumed by the membership, so the manager would be free to participate in helping prospects locate in the area."

"The chamber needs to create public trust and confidence so that companies will locate here. They need to assist new industries and keep an inventory of problem-solving handy for business," he added.

"And one of the most important items for the chamber would be the understanding of its local government so that they might assist new companies in the cutting of much red tape."

He challenged the group to take stands on issues and to support them and to work for the development of the area.

Mayor George Gibson, Warren Atteberry, president Ontario-Upland Jaycees, and Rudy Rodriguez, director of the Boys Club, were honored guests.

Why Thanksgiving?

Why Thanksgiving? Why do we set aside one special day each year to give thanks for our blessings? Oh, there are so many good things for which to thank God!

We count our blessings for just being. Life, with all of its hardships, tribulations and disappointments is still so wonderful and gratifying.

We thank God for family. Without loved ones around us, our lives are meaningless. Our triumphs and victories fall silent if there is no one to listen to them. Our loved ones understand us, even when we drop our everyday mask and sometimes display our weakest side. But they understand our moods because they love us.

We count our blessing for good friends, for being without a friend friend is one with a mighty sorrowful soul.

We give thanks for home, food and for living in a free country where man is still master of his own beliefs.

And last of all, we give thanks for being allowed to meet the challenge of each new day with anticipation and excitement.

Thanksgiving is indeed a time of joy and good will for most of us. It is a time for special Church services where we are allowed to sit and listen to a minister of our choice. But most of all Thanksgiving is a time for reflection, hope and faith. Without faith, we have little else. Without hope, there is nothing.

When we sit down with our families this Thanksgiving Day to the traditional holiday dinner, let us all thank God from the bottoms of our hearts for our many gifts and blessings. It is a good day to be thankful.

Operation Intercept Revisited

Our Man In Washington

BY BILL KENNEDY

WASHINGTON - In spite of reports that Operation Intercept was a big fiasco, a Customs Bureau official has assured this reporter that it is accomplishing exactly what it set out to do--prod the Mexican government into action.

The program was not intended to catch a lot of smugglers or confiscate large quantities of narcotics--but to get Mexico to crack down on the growing of marijuana and opium.

Although it was not reported in this nation's press, the Nixon administration made several overtures to get Mexico's cooperation, but cooperation was not forthcoming.

So, Operation Intercept was put into effect to force that cooperation. For several weeks, tourists and commuters were stopped and searched extensively at border checkpoints. Sometimes, traffic was backed up for miles.

THE NIXON administration knew there would be cries of outrage from these people, that the voices of merchants, chambers of commerce and even congressmen would be raised in protest. In fact, the administration was counting on this, but more importantly, was betting that the Mexican government would object--which it did.

Mexico was quick to request meetings with U.S. Treasury officials, and almost overnight Operation Intercept became "Operation Cooperation."

But this was not spontaneous. Treasury officials had already prepared for this, even before Operation Intercept went into effect, and had already decided on the name, "Operation Cooperation."

People are still being stopped at the border, of course. But searches are not so extensive or time-consuming. These went on in the past, and will continue in the future.

SO WHAT did the program accomplish? Three major parts of one overall goal:

--It did, in fact, cut down the flow of drugs into this country because smugglers are now more leary of being caught.

--It prodded Mexico to step up its own border patrols, to catch and prosecute narcotics violators.

--And most important, Operation Intercept motivated the Mexican government to begin its own program -- in cooperation with the U. S. -- to stamp out the growing of marijuana and opium.

NOW, THE United States is lending Mexico helicopters and light planes and is giving, free of charge, chemicals to search out and destroy marijuana and opium fields. These vehicles, manned by Mexicans, soar over the hills and valleys of Morelos, Sinaloa, Sonora and other states, seeking out these fields.

When suspicious plants are spotted from the air, radio contact is made with ground crews who go to the designated locations to verify if the fields are marijuana or opium.

If they are, the air vehicles swoop down quickly, spray their chemicals, and go on their way for more hunting. It takes only a short while for the chemicals to do their work.

The Customs Bureau official who related this asked that his name not be used. Reports from Mexican officials who say they are handling the problem without U.S. help are not true, he said.

WITH THE great success of the program in Mexico, the spokesman said, concern now is that an increase in marijuana growing in this country might crop up and machinery is already being geared to deal with it if it does.

Regardless of the apparent failings of Operation Intercept at the beginning, it is proving highly successful and probably will go down as a great big plus for President Nixon.

It was, after all, a matter of economics. Checking the flow of drugs into the U.S. was an almost impossible task without cooperation from Mexico.

And Mexico is proving it would rather have the continued flow of American tourist dollars to bolster and maintain its economy than money from dope sales--most of which went into the hands of underworld figures.

A Little Bit

OF THIS AND THAT

By Bob Evans

We have come a long way since Plymouth Rock.

The Pilgrims thanked God for their survival, and survival wasn't easy in an unfamiliar land.

Today, each of us gives thanks, but mere physical survival is something with which most of us are no longer concerned.

As a nation, we have created a physical setting in which survival, thank God, can almost be taken for granted.

This is not to say that survival is easy for all in the United States. The point is, however, that most Americans DO have food to eat, DO have a place for their families to live and DO have ways of making a living.

So in the context, where survival isn't a constant scramble, we have been able to concern ourselves not with WHETHER we will live but HOW we'll live.

And, more generally, we--as individuals, as families and as communities--are wondering not whether we can do certain things, but how we should do them.

This question of "how" seems to underline most topics that earn our attention today. This is what many students are asking. This is what many minority-group members are asking.

This also is what we--through our local city, school and commission officials--are asking.

Are there changes and improvements that should be made in schools and colleges?

Are all of us allowed to function in our society solely on the basis of our individual abilities without being held back because of skin color or an accent?

Should a lot around the corner which has been used for residential purposes being transformed into a shopping center?

We can be grateful that we even have the opportunity to ask these questions. But, more important, we should give thanks for the ability to answer these questions.

And most important of all, we must find answers, and find them together.

From Our Readers

Dear Editor:

We'll bet you never thought of yourself as a life saver.

But that's just what you are. Thanks to your efforts, thousands of people have been alerted to the vital facts of cancer...the fact that many cancers can be prevented and that early detection saves lives. Through your help many more people, themselves victims of cancer, know there is somewhere they can turn for help.

On behalf of our Public Information Committee, the San Bernardino County Branch of the American Cancer Society wishes to thank you and your staff for your cooperation during the past year.

We can't shower you with presents, but we can give you something better...the knowledge that with every story printed, with every public service announcement aired, you may be saving a life.

Now, doesn't that leave you with a nice feeling?

Sincerely yours,
Alice J. Wilkins
(Mrs. J. O.)
Executive Director

Dear Editor:

I know of several people who have rashed with the idea of trying to better the situation of the Boys' Club. It has appeared in the past that the community has chosen to ignore this area. I sincerely hope that your article appearing in the November 13th issue of the Upland News does something to stir the conscience of the community. You are to be commended on your fine job of objective reporting.

I note that you were interested in a possible historic series of the area in your personal column. You probably are aware that there was a series that ran in the Cucamonga paper a few years back. This very easily could be adapted to serialization in the Upland News, assuming that the consent of the authors could be secured. I am sorry I cannot further identify this series, but a copy is available at the Library. I am sure they can further identify it for you.

Kindest regards,
James H. McDaniel

Dear Editor:

As we approach this Thanksgiving Season and take stock of our many blessings, we at Goodwill Industries find ourselves richly blessed with many friends.

On behalf of the handicapped employees, the staff, and the Board of Directors, I want to express our sincere gratitude to you for your interest and support.

"Thanks-for-Giving" space in your paper for informing your readers about our work. Without an informed public, our program of serving the handicapped would come to a standstill.

To you, the staff and employees of your paper, we are, indeed, grateful.

"Thanks-for-Giving" again in 1969.

Sincerely,
Kenneth L. Wible

What's Doing In Upland?

by Jenny Kirkpatrick

DON'T LOOK NOW

The best guarded secret in town is that the Holiday Season is upon us. On Monday, Dec. 1, Christmas decorations go up and on Friday, Dec. 5, Santa arrives in the downtown area at 6:30 p.m. So, there is no getting away from it, Christmas is around the corner. Usually we hear that the Christmas season is too busy or overdone, well, maybe it is, but can't we at least once a year throw caution to the wind and be a little reckless? We seem to recover quickly enough and by Valentine's Day all is forgotten, so let's enjoy, enjoy. And, for the late shopper, you got a break this year, with Sunday openings of the stores, you got additional days to finish your gift getting. Would 27 shopping days until THE DAY be enough?

MOONWALK

Roger Cable, son of Dewey Cable, was invited to Houston, Texas to watch the second moon walk. Young Cable, holds the worlds highest altitude record.

UP NORTH

No, it isn't Santa, that's gone to the North Pole, it's Cliff Thomas, Jr., son of the finance director for the city, and Mrs. Cliff Thomas. Thomas, Jr., has accepted work with a Scientific Expedition that will explore Antarctica.

THANKSGIVING

I have been in Upland for two Thanksgivings and have been deeply touched both years by having people ask me to share their dinners and company. This means a lot to me and shows the equality of people who care enough to ask another to share their holidays.

I would like to share in part one of my favorite blessings for Thanksgiving:

It is by James Dillet Freeman

I would be thankful
When it is easy to be thankful,
And I would also be thankful when it is hard.
Anyone can give thanks
When his dream comes true, but
I would give thanks
For my dreams
May I praise God in happy times
and praise Him in difficulties.
And, I might add, a Happy, Happy Thanksgiving and blessings to you and yours.

Senator Coombs Day Planned For Dec. 2

"West End" San Bernardino County citizens are sponsoring a "Senator Coombs Appreciation Day" for Tuesday, Dec. 2.

Senator and Mrs. Bill Coombs (R-San Bernardino County) will meet with interested constituents during the day-long program which begins with a 7:30 a.m. breakfast with Chino dairy and business representatives at the Royal Tahitian restaurant.

Luncheon will be held at the Ontario Elks Lodge at noon and will include service clubs, the Board of Realtors and other civic groups.

After tours of the area and appointments in the Senator's Ontario office at 515 North Euclid Ave., Senator and Mrs. Coombs

will dine with local organizations at the new Holiday Inn near the Ontario International Airport.

Local citizens helping to plan the "West End Day" include Lewis Aukeman of Chino, Ray Ferguson and Barney Jewett of Ontario and Charles Cummings and Del Hensley of Upland. Spokesmen state the purpose of the regional meetings, held frequently throughout the year in various areas of the county, is to allow the Senator to familiarize himself with the problems of the citizens and the communities of the West End and for the taxpayers to meet and talk first-hand with their State Senator.

The public is invited to attend the no-host functions.

Beverage License Fees Returned

The city of Upland has received \$5,129 as its six-month share of the special fees paid by holders of alcoholic beverage licenses.

The payment was made by the state's department of alcoholic beverage control which allocates 90% of all license fee money back to individual cities and counties where it is used to offset the costs of police and fire

protection, schools, highways, hospitals and other government services. The remaining 10% goes into the state's general fund where it is used for similar purposes.

The most recent payment was for the six-month period ending Aug. 31, 1969. San Bernardino County as a whole, including the unincorporated area, received \$131,809 for the period.

TOP FIREBALLERS -- Clint Thompson of Bank of America and Don Dean of Southern California Mortgage and Loan Corporation, have been top Fireball 12 Chamber membership producers since the start of the fiscal year in July. To date Clint has brought in \$800 in membership investments to the Chamber, representing 13 sales. Don has brought in \$775 in funds, a total of 16 sales. Both are top contenders for the Fireball 12 Grand Club award, given for \$1000 production at the Chamber's annual banquet.

SPEEDOMETER CHECK -- The AAA, Upland office, recently conducted a speedometer calibration test for city and police cars. The portable dynamometer was set up at Fire Headquarters and the cars were tested throughout the day. An excellent rating was given the cars by AAA. This is a courtesy service the club conducts periodically.

Senate Sells Zip Code

The money raised will be used to purchase a portable public address system which can be used at pep rallies, track meets, foot-

ball games, baseball games and outdoor assemblies.

Students involved in the selling campaign are Tony Grasso, Doug Hall, Susi Osburn, Art Montand, Jo Lynn Guidera, Caren Cooke, Julie Savage and Ron Gill. Also involved are Steve Hills, Myron Finley, Tusi Mamea, John Whorton, Steve Hanson, Cheryl Butters, David Allen, Brad Hill, Jane Colombero, Frank Montez, Teri Busch and "Nkuru", a foreign exchange student from Uganda, Africa.

Hospital Volunteers Invited To Meeting

The Rev. H. Belfield Hannibal, newly-appointed Director of Hospital Volunteer services of the Episcopal Diocese of Los Angeles, will direct an informative meeting at St. Mark's Episcopal Church, Upland, on Tuesday, Dec. 2, 9:30 a.m. The meeting, hosted by St. Faith's Guild, will be held in the Parish Hall. Women and teen-agers of the community interested in the needs of patients in both acute and convalescent hospitals are invited to attend.

The Hospital Volunteer Service is being developed under the Division of Special Ministries of the Diocese. When it is completely organized, it will include a chaplaincy service composed of clergy and lay readers; adult volunteers, including groups of participating organizations, and a Teen-Aid Volunteer Program. Assisting Father Hannibal in his presentation will be Mrs.

Albert C. Dripps, administrative assistant, and Girls' Friendly Society Candy Stripper chairman of the Diocese; and other members of his staff from the Los Angeles area.

For the past year, the Women of St. Mark's have been participating in volunteer service for the Euclid Avenue Nursing Home, Upland. St. Faith's Guild, with Mrs. William Granewich, began the project, and invited other St. Mark's organizations to help with the apparent great need for non-medical service. They now are extending the invitation to the community, through Father Hannibal's panel program.

Episcopal churchwomen from St. Ambrose Parish, Claremont; Christ Church, Ontario; and All Saints' Episcopal Church, Riverside, are special guests.

Mrs. J. Ross Myers will preside.

SANTA'S VILLAGE BAZAAR -- Looking over items for the Santa's Village Bazaar are members of the Upland Ward Relief Society, Church of Jesus Christ of the Latter Day Saints, Mrs. Don Lewis, counselor, Mrs. Burt Guyman, and Mrs. Floyd Munson, president. Doors will open at 4:30 p.m. and a complete dinner of turkey or spaghetti will be served from 5:30 to 6:30 p.m. The cultural hall at 11th Street and San Antonio Avenue will resemble the abode of that "jolly old elf" with twinkling Christmas lights and booths covered with make-believe snow. A wide selection of hand made articles and toys suitable for Christmas gifts will be on sale, as well as homemade candy and all types of bakery items. "Grandma's attic" will have a prominent display with numerous pieces of second hand articles for sale.

Foothill PTA Meets-- Features Administrators

The November meeting of the Foothill Council PTA was held recently at the Upland Public Library.

President Mrs. Stanley Hoffman introduced administrators from all districts, intermediate and secondary schools comprising the Foothill Council PTA.

After a brief description of current problems and possible solutions, the administrators answered questions from the floor. Problems such as narcotics, funding and drop-outs are shared by the involved districts. It was decided that the obvious ways parents can help in these areas are by involvement, alertness and support of school innovations.

Donald Sperry, superintendent of Central School District, pointed

ed out that support is needed for state tax reform in order to avert financial crisis.

Allan G. Smith, Chaffey Union School District, felt that boundary changes might help the overcrowding problem.

He also stated that attitudes are largely formed by the time a child reaches second or third grade and that this is the opportune time to prevent future high school drop-outs.

Carleton Lightfoot, Etiwanda superintendent, stated that it was necessary to create an atmosphere where children are encouraged to develop their own goals as opposed to forcing them to achieve ours.

Principals of elementary schools have been scheduled for a future meeting by the Foothill Council PTA.

D. Golding, Robert Shannon, James F. Garliepp, Robert Mellon, Thomas Kline and Beryl Strom.

Mrs. Joseph Powers, ways and means chairman, thanked Mrs. Yetter for the auspicious beginning for the annual fund-raising events which will include the traditional Mistletoe Ball on Thursday, Dec. 4, and the innovation of a champagne brunch and fashion show for the spring event.

Other business discussed at the meeting was reports on the recent convention of National Assistance League and change in scheduling of fourth and fifth grade girls at the Girls' Club of Cucamonga.

The club was organized in 1908 with a dual purpose--the general well-being of the community as a whole and community beautification.

Active programs within the club include a card section, gar-

den and literature programs and an arts and crafts group. The club also sponsors, in conjunction with the San Bernardino County Health Department, a monthly well baby clinic. Children in the area are able to receive routine examinations as well as inoculations through the workings of the clinic.

New Aeronautics Bldg. Passed By Chaffey Board

Preliminary plans for a \$172,500 addition to the Chaffey College aeronautics building were approved Tuesday by the board of trustees.

The proposed expansion was justified by the need of a new home for the college's airframe and welding programs.

The Chaffey hangar at Ontario International Airport, where these programs are conducted, has been sold to the Los Angeles Airport Authority. Evacuation must be accomplished by July 1.

The maximum budget for the construction of a facility to supplant the OIA property was set

at the amount of the sales transaction. The sale brought the college \$172,500.

In the same action, the board authorized a contract with the architectural firm of Harnish, Morgan and Causey, Ontario, for drawings and specifications for the new development.

As a result of the sale, the board implemented the relocation of the Manpower Development and Training Act and adult education programs, also housed in the OIA facility.

These programs will be moved to a building at 8889 Archibald Ave., Cucamonga, to be leased by the college at \$450 monthly

A report of 1969 council activities and installation of new council officers also will be part of the dinner program. Dinner chairman is William H. McGurty of Ontario.

Testing Center To Be Set Up At Chaffey Hi

The Chaffey High Adult Evening School has been approved by the State of California Department of Education for the establishment of an official General Education Development (G.E.D.) Testing Center at the local school.

The administration of the Chaffey District has just negotiated a contract with the General Educational Development Testing Service of the American Council on Education to administer the tests for adults in this area.

The primary use of the G.E.D. tests is to appraise the educational development of adults who have not completed their formal high school education. Through achievement of satisfactory scores on the tests, adults may meet educational requirements for employment or promotion on a job in a number of companies; satisfy educational qualifications for induction in the Armed Forces of the United States; and meet regulations of state and local boards of licensing examiners for admission to licensing examinations for those occupations requiring educational competence at the ninth, tenth or eleventh grade level.

The Chaffey High School District does not issue a high school diploma for the G.E.D.

The G.E.D. tests are a battery of five comprehensive examinations in the areas of English composition, social studies, natural sciences, literature and mathematics. The tests are designed to measure as directly as possible the major generalizations, ideas and intellectual skills that are the outcome of four years of high school programs of instruction. Approximately two hours are required to complete each test. There is a \$1 fee for each test.

CAPT. FRED STROHTE -- This Upland employee has served the citizens of Upland for over 20 years, 11 of them at the rank of captain. He first came to Upland in 1942 while in the army. He met his wife Roberta that year at a dance at Red Hill, sponsored by the city. Robert Manley Strohte is the daughter of Richard Manley, Upland's first city manager, who retired after 35 years of service. When he is off duty, Captain Strohte, his wife and three daughters (a son is in the Navy serving in the Pacific) enjoy traveling with their travel trailer. The Captain, an admitted camerabug, takes many beautiful color slides on these family outings.

UNITED FUND -- Upland City School District Employees gave four times more money this year than last year to West End United Fund, and were commended by Jean Borders, WEUF executive director. Shown glancing over the WEUF folder are (seated) Vern Orum, superintendent of Upland City Schools, and Mrs. Glenn Fisher, president, California School Employees Association, (standing) James Smith, Upland director, WEUF, and Frank Migaiolo, president, Upland Teachers Association.

Modern Class

If your interests lie in the fields of choreography, modern dance, or talented girls, mark your calendar for Thursday, December 4th. At 7, Upland High's modern dance class, under the direction of Mrs. Beal, will present a 90 minute program in our auditorium.

This night of dancing "illusions" will feature a potpourri of dances, performed and created by the girls.

Admission is free and open to the public. This program is rated R-- recommended everyone!

Annual Canned Foods

Plans have been formulated for our annual canned foods drive, which will be held during the week of December 1st. The Highlander PTA, which has provided a strong and helpful backbone in past years, will once again join hands with the Inter-

UJHS Mod Squad Is Tuned In On The Needs Of Others

Their dress is red blouse and yellow skirts for the girls and dark pants, yellow shirts and red ties for the boys; their hearts are for helping others. They are the MOD (March of Dimes) Squad of Upland Junior High School and the first organized group of its kind in the nation.

While the MOD Squad will concentrate its first efforts on the March of Dimes drive in January, they will spend the rest of the year concentrating on worthwhile projects and fund-raising.

The "Squad" is the brainchild of Upland Junior High School Principal Robert Nolan, who serves the March of Dimes as the Upland City director and San Bernardino County as Public Relations chairman.

Some 275 youngsters applied for MOD Squad, 42 have been chosen so far, based on grade averages, more are expected to be added during the year.

Parents are participants, also. "The response was amazing," Nolan said. "I just can't believe how the idea has caught on among the students, they are so enthusiastic."

Miss Mary Jo Fowler is the group's faculty advisor.

At the present time, the "Squad" is gathering candy for Casa Colina.

In January they will operate as part of the March of Dimes Teen Age Program (TAP) which is functioning nationwide and annually accounts for more than a million dollars in contributions.

"These junior high school students are the parents of tomorrow. Most of them are looking ahead to that tomorrow and are willing to work toward creating a society better than today's," Nolan said. "This is the so-called silent majority teenager who is trying to get his voice for something worthwhile heard over the din of the young militant rioter. He asks only guidance. The junior high school MOD Squad concept can be one channel for constructive youthful involvement in the American society."

Among the UJHS MOD Squad members, recently appointed by Nolan, are:

Jo Ann Adams, daughter of Mr. and Mrs. Charles Adams, 1044 Winn Dr.; Pam Adams, daughter of Mr. and Mrs. Paul E. Adams, 629 Ukiah Way; Becky Aguilar, daughter of Mr. and Mrs. Frank G. Aguilar, 301 Mesa Ct.; Martha Bosserman, daughter of Mr. and Mrs. Hal Bosserman, 1144 Eddington St.; Jane Braley, daughter of Mr. and Mrs. Warren A. Braley, 693 Magnolia St.; Julie Brown, daughter of Mrs. Dorothy Brown, 1295 Clinton Court; Pam Carnahan, daughter of Mrs. Anne Carnahan, 251 S. Vallejo Way; Julie Chase, daughter of Mr. and Mrs. Frank Chase, 905 Amber Ct.; Suzanne Christy, daughter of Mr. and Mrs. Charles E. Gustin, 934 Azure Ct.

More are, Shelly Compton, daughter of Mr. and Mrs. LeRoy Compton, 131 Montrose St.; Terry Crisp, daughter of Maj. and Mrs. Robert Crisp, 616 Fairwood Way; Joan Conroy, daughter of Mr. and Mrs. James J. Conroy, 604 Glenwood Way; Noreen Della, daughter of Mr. and Mrs. Frank Della, 582 Lakewood Way; Rachel Duran, daughter of Mr. and Mrs. Ray Duran, 1451 Bowen St.; Laurie Engle, daughter of Mr. and Mrs. Charles Engle, 905 N. Club Council in its effort to provide food for the needy of our community during the (Christmas) season.

The much needed canned goods will be accumulated on several levels of competition. They will be collected on a third period basis, on a class basis, and on a club level.

This involvement of the students shows their true desire to help others.

MOD SQUAD -- Upland Junior High School has gone MOD (March of Dimes). The squad, the first of its kind in the nation, will undertake as their first project The March of Dimes drive to begin in January. To practice, they are seeking candy contributions for Casa Colina Hospital. After the major project of the year is over, the MOD Squad will turn its attention to other worthwhile projects. Shown getting the candy ready to go for Casa Colina are, (from left) Mary Rice, Sally Edison, and Diane Sheets.

MAKING A HOG OF HIMSELF . . . This small pig held by Laura Snyder, 9, in Jett's Petting Zoo was one of the many types of animals available for children to see and touch.

CHAMBER SPEAKER--Dick Hall, center, tells Mayor George Gibson, left, and Walter Reardon, president Chamber of Commerce, about the future development plans of the area. Mildura May Be Sister City

On Thanksgiving Day, a group of Upland Sister City members will be in Mildura, Australia, and will have dinner with George Chaffey's great grand-daughter. Chaffey was one of the founders of Ontario and Upland and left here to go to Mildura where he sought to establish a city much like Upland.

Chaffey, a Canadian by birth, was an engineer by profession and settled this area with his ingenious development of a pump for irrigation that helped the citrus growers prosper. He was so successful that in 1886, he was asked to come to Mildura and establish irrigation for the Murray Valley. Mildura is in this valley and it is similar to the Pomona Valley, while we have the mountains, Mildura has Murray River.

The group who are taking an extensive tour, are Mr. and Mrs. Douglas Black and Althea Correll, they are Sister city members and have a resolution signed by Mayor George Gibson asking that Mildura become our second Sister City (Caborca, Sonora Mexico, is our first).

Mildura is called "The Queen City Of The North" and has a

A NEW SISTER CITY -- The day before Althea Correll and Esther Black left for an extended trip which included some time in Mildura, Australia, Mayor George Gibson, signed a resolution for them to take with them, asking for Mildura to become our second Sister City. Tom Lucero, Jr., vice president, Sister City organization, looks on.

climate and scenery similar to ours. Wine making is one of the industries and so is citrus growing. In fact it is still the primary agriculture with 45,000 acres still under irrigation. The population is close, also, with

12,130 in the city and 16,500 in the outlying districts.

It is hoped by the Sister City organization that Mildura's Mayor Hon. K. I. Wright, will join Upland as our second Sister City.

Watch Your Driving

While there is no excuse for driving above the posted speed limit, there are times when motorists should drive below it, according to the Insurance Information Institute.

Two occasions for motorists to reduce speed are poor weather or road conditions.

The Institute reminds motorists that inclement weather -- with its slippery roads and reduced visibility -- and hazardous road conditions make driving and stopping more difficult and dangerous. A speed that was safe under ideal conditions, suddenly becomes unsafe.

To avoid accidents, motorists are advised to use good judgement when driving under adverse conditions. Stay on the safe side and slow down.

HOW FAST IS TOO FAST?

UNDER POOR WEATHER OR ROAD CONDITIONS, EVEN THE FASTEST CAR MAY BE UNSAFE. USE GOOD JUDGEMENT!

'Las Posadas' Opens 38th Year At Padua

CLAREMONT - The season of "Las Posadas" - the time of Christmas fiesta arrived at Padua Hills Theatre last Wednesday.

Curtain time on this date opened the 38th annual presentation of this popular play about Christmas in Mexico. For annual patrons it is a tradition. For first timers it provides a view of Christmas in a modern day Mexican village, plus a replay of the heritage that makes Mexican Christmas unique.

The Christmas play will be presented at 8:30 p.m. on Wednesdays, Thursdays, Fridays and Saturdays, with matinees at 2:30 p.m. on Wednesdays and Saturdays.

Padua Hills Theatre is located three miles north of Foothill Blvd. on Padua Avenue near Claremont. Reservations for Theatre and Dining Room are taken at (714) 626-1288.

The first scene is in a home in Mexico where mama and papa are preparing for Christmas with their son, Panchito. Because the role of Panchito is so extensive, three young boys will alternate in the roles. Roberto Miranda, Rafael Garcia, and Pedro Rubio will enact the role of the youngster who falls asleep before his "Nacimiento" (Nativity Scene) and dreams the medieval story of Christmas, "The Colloquio".

Padua Institute urges

everyone planning to attend "Las Posadas" to make reservations as soon as possible, for many performances are close to sell out. The Padua Dining Room and shops will be especially colorful this year, decorated in the gay holiday trimmings of Mexico. They will be open daily except Mondays.

Will the real GE please stand up!

GE is the fourth largest industrial corporation in U.S.

(\$8 billion sales)

This suggests that GE is one of the really big monopolies which dominate our economy. And you remember how executives of GE and other monopolies were convicted for price-fixing in 1960.

GE is the second largest military contractor

(\$1,620,000,000 a year)

This suggests—well, what does it suggest to you?

GE made \$357 million net profit last year

This suggests — especially since GE employees were losing 30¢ an hour due to the cost of living — that company price increases and high profits do not have a salutary effect on the fight against inflation.

GE's rate of return on investment last year was 22%

above the average for the nation's manufacturers

This again suggests unusually high prices and profits, and it also suggests that GE makes big profits by paying low wages. We (the union) suggests it's a little of both — about fifty-fifty.

GE, one of the biggest money makers, makes the

smallest offer to its workers

The 20¢ wage offer for 3 years that doesn't even cover wage losses, and benefits that don't even match the standards in industry suggest that GE is one of the biggest tightwads in the country.

GE tells its workers take it or we'll break your strike

and break your union

This suggests that GE is one of the biggest bullies in the country.

PROFIT
At GE progress is our most important product

This suggests that the GE slogan should be edited so it would more accurately reflect the truth.

We hope the above suggests why 147,000 GE workers were forced to strike

Oh, one final suggestion, if you don't mind . . .

Will GE please sit down and bargain in good faith?

NEW CONTROLLER — Cyril A. "Cy" Duray has been named controller of the recreational products division of Doughboy Industries which recently moved into a new \$1 million building in Cucamonga. Duray has been with Doughboy since 1964 and has served as assistant controller since May of this year. The division, which makes swimming pools, wading pools and inflatable plastic toys, expects 1970 to be its biggest year in the company's history.

SUPRACOTE — Dale Gibson has been appointed Western Sales Representative for Supracote, Cucamonga based producer of pre-coated steel and aluminum. Gibson, a graduate of Pasadena City college and UCLA, came to Supracote from Kinney National Services where he had responsibility for major sales accounts for the past five years. Supracote, a division of Reliance Steel and Aluminum, began operations nearly a year ago with capacity for producing one million pounds of pre-coated steel and aluminum daily. Its coil coating line is one of the world's largest.

COMPANY AWARDS — Phillips Industries presented service awards to 65 employees last week. The mobile home and recreation vehicle parts manufacturer has been located in the area for the past year.

HELIPORT — Jelco, Inc., plans a private heliport to be located on the north side of Arrow Hwy., east of Turner Ave., in Cucamonga.

Despite Family Obligations Women Seek Education

CLAREMONT — What do a former missionary, an aspiring musician, a divorcee, an ex-library science student and a mother of five have in common?

Several things. They are all women. They are all in their 30s or older, they are all Pomona Valley residents, and they all have a desire to complete their education.

The S & H Foundation is helping them. The foundation is pioneering in financial aid for women returning to study, recognizing that many able women find their education at the bottom of the family budget priorities.

The Claremont College's Center for Continuing Education is the recipient of the first corporate grant for scholarships for the mature, returning woman.

Defying the belief that women in their middle years with families belong in the home, bridge set or some unskilled job, the CCE and the S & H grant are helping these women continue their education.

Mrs. Jo Ollila, 1998 Euclid, Upland, is a geology major. She has an A-plus record and her goal is to teach or work in conservation.

Mrs. Hilda Van Landingham, 616 Aster, Upland, is a 32-year-old housewife of German birth who has two daughters and a straight-A record at Chaffey. She will major in German to become a teacher.

Mrs. Marlene Habegger, 514 Campus, Upland, is married to a missionary. She is taking a choral conducting course.

THE PANTHERS -- The Panther squad this year consists of from left to right, bottom row, Butch Slegers, Gary Crossman, Tony Martinez, and Tim Arner; back row: Bill Beckley, Rich Bajema, Curtis Bolin, Lowell Jones, Bob Caputo and Jim Dunavant. Not pictured is Dennis Bunker.

Spartans Upset By Fullerton

Unrated Fullerton High overturned Damien's hopes for a CIF title, when the Indians, scored a 14-6 upset over the Spartans last week.

The Freeway-League champs used the powerful running of Phil Farquhar and an accurate aerial barrage (8-14) to upend the Spartans. Fullerton struck early for their 14 points, and then utilized a staff defense to stifle Spartan hopes.

Damien missed connections on two different occasions inside the Fullerton 10 yard line when Kevin Carroll over threw his receivers. A final Spartan comeback was denied when a Carroll pass went awry and was intercepted. The loss ended the Spartans 8 game winning streak and gave them an 8-2 season record.

Fullerton has to face top-seeded South Pasadena next week and won't find it pleasurable.

'Monster' Griffins Maul Braves 27-13

Alta Loma ran into a two-headed, mythological creature known as a Griffin last week and fell to Los Alamitos 27-13. The Griffins used the arm of Vic Pereboom and the powerful running of halfback Mike Hixon to scalp the Braves.

Pereboom wasted no time in letting the Braves know who was in control as he unloaded an 80-yard bomb to Halfback Bob Cameron on the first play of the game.

Hixon, the other half of the Griffin, led all rushers with 112 yards on 14 carries and two touchdown runs of 21 and 43 yards.

The Braves managed to brighten the evening on two occasions. One was a direct result of a Griffin miscue. The Los Alamitos center became a little anxious and overshot the punter Phil Meerians and by the time Meerians found the handle on the ball, he was swarmed over by five Braves.

Fullback Don Rasmussen punched the ball over from the one yard line, but by the time

the Braves got the ball back there was only time enough to make the score respectable.

The only sustained drive for the Braves came late in the final period behind the running of Greg Lester and Rasmussen. Rasmussen got the call again from the one and repeated his performance.

Alta Loma finished the year with a 6-3-1 record but was undefeated in Hacienda League play. The only blemish being a 14-14 tie with co-champs Ontario. Ontario also came up on the short end of the score in their game with Barstow.

Tough Mission Conference Ahead

Panther Cagers Seek Speed And Teamwork

By BOB MIM MACK

Chaffey College can now turn its eyes to the prospects of an exciting basketball season, after an injury-filled year of football. The squad consists of eleven men, rather short of personnel, and ranges from the 5'7" guard Tony Martinez to 6'5" center Lowell Jones.

With the lack of experience and the team's definite lack of height and physical stature, Coach Barney Newlee has several problems to alleviate. He has the talent of Gary Crossman and Bob Caputo, both Chaffey High standouts, and Dennis Bunker from Garey, to construct an offense that will have to rely on speed and teamwork to overcome other deficiencies.

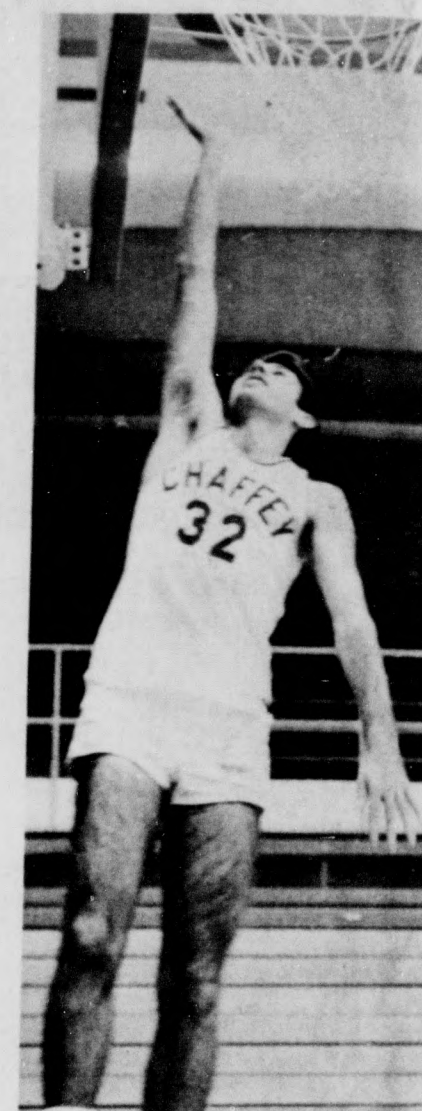

Coach Newlee is beginning his 15th season at Chaffey and is trying to improve on last year's 21-13 record and second place in conference standings behind Fullerton. However, this year's Mission Conference proves to be much tougher than last year with Grossmont, San Bernardino, and Riverside all boasting of title-contending teams.

About this year's team, Newlee says, "We will improve offensively and defensively as the season progresses. If we can develop the hustle and spirit of previous years, it will take us over some of the rough spots."

The spirit is high among the players, as are their hopes for having a good year. The Panthers travel to Moorpark this Friday night for their season debut. Saturday night they trip to Santa Barbara, a young team with a new coach.

Chaffey College Panthers will have a minimum of seven games under their belt before they host the Chaffey Invitational tournament Dec. 17-20 which will feature all the top teams in Southern Calif. (excluding UCLA of course).

The Panthers are weak with only one returning letterman, and this season proves to be a year of learning and preparing for both the players and Newlee.

TWO CHAFFEY HIGH GRADS -- Bob Caputo (42) and Gary Crossman (32) show the style that Head Coach Barney Newlee hopes will give Chaffey College Panthers the Mission Conference title. Caputo is the only returning letterman on this year's squad and will give the Panthers a definite boost as a scoring threat as well as rebounding ability.

Obituary

Services for Steven Curtis Hutchinson, 15, of 1688 N. First Ave., Upland were conducted last Friday at Stone Funeral Home. A student at Western Christian High School, he died at his home Nov. 19.

The son of Dr. and Mrs. Richard H. Hutchinson of Upland, Steven was a member of Brethren in Christ Church of Upland. A private entombment service was conducted at Bellevue Mausoleum.

Besides his parents, the youth is survived by three sisters, Debbie; at home; Mrs. Ed Carney of Anaheim, and Mrs. Don Wenger of Upland; three brothers, Richard Nichols, Tim and Rich-

ard Hutchinson, all of Upland; and his grandfather, H. F. Slagle.

Florine V. Gore

Graveside services for Mrs. Florine V. Gore, 82, of 426 Tyler Way, Upland, were conducted Wednesday at the Pioneer Memorial Cemetery in San Bernardino.

Richardson - Peterson Mortuary was in charge of arrangements.

Mrs. Gore died last Friday at Montclair Manor, Montclair. A native of California, she also had lived in the Perris Valley area.

She is survived by a brother, Abram Valentine, of San Bernardino, and a daughter, Miss Jacqueline Gore of Upland.

Prof Makes Case For Men In Space

CLAREMONT - "I do not believe in flying saucers, but I definitely do believe there are people in space. However, I don't think they're silly enough to try and contact us by saucers," Stanley Klein, Assistant Professor of Physics at Claremont Men's, Pitzer and Scripps Colleges, recently told members of the Scripps Parents Council.

Klein, who received his Ph.D. from Brandeis University, enumerated the reasons for his belief in life on other planets. He said scientists have found planets quite common; the nearest star, one light year away, was found to wiggle by astronomers.

"They concluded the star wiggled because of a planet's effect on it. Just six months ago, the astronomers found the star's wobble was irregular, and they now feel there are two planets acting on it," he said.

"Bio-chemists now can create organic molecules and are very close to creating life. Which poses the question, how long does it take to create life through random forces? This is something we should learn more about when we visit Mars. If we find some form of life different from our own, that would imply that life elsewhere would be quite likely," he said.

Motorcycle-Hauling Rules

There are five times as many motorcycles on the road as there were 10 years ago, and many of them are carried on pick-up trucks, campers and passenger vehicles to sports or vacation sites. The California Highway Patrol is encountering an increasing number of drivers who transport their motorcycles unlawfully.

California Highway Patrol Captain, Vernone F. Nicholson, stated, "When a motorcycle is loaded on the front or rear of a truck or passenger car, it cannot interfere with the distribution of light from any of the vehicle's lamps, front or rear." "It is also

illegal to obscure the driver's vision to the front or sides."

If the motorcycle is mounted on the front of the car or truck, it should project no more than three feet beyond the bumper, and the bumper may extend to no more than two feet forward of fenders, cab structure or radiator. The motorcycle may project as much as six inches beyond the fenders on the right side of a passenger car, but it's illegal for it to project at all on the left side, he said.

If a motorcycle is towed the speed limit is 55 miles per hour. The motorcycle should be securely mounted on an adequate

towing device. A chain or cable must be used in addition to the towing device to couple the two vehicles," Captain Nicholson said.

During darkness, the towed motorcycle must display a red tail lamp and a license plate lamp.

PRICE SMASHING SACRIFICE
STORE-WIDE STOCK REDUCTION • Sale!

**PROFITS MEAN
NOTHING NOW!**

The sole and only reason for this Great Sale... Now, at the peak of the season, is simply that we must reduce stock and raise cash. Therefore, we have gone through out stock... Cut and slashed prices as never before in our business history... To insure a quick and complete disposal of three-fourths of our stock. It is not a matter of choice but stern necessity that compels this Drastic Alternative... We must reduce sacrifice... But We Have No this stock NOW... Even though it means the sacrifice of our Xmas profit. Come in and buy with every dollar you can spare... The bargains are fabulous.

Our Problem Is Simple... WE BOUGHT TOO MUCH MERCHANDISE! Despite the fact that we are enjoying good business... We have twice as much stock as we should have... And more arriving daily! Consequently, we have decided on this Drastic Step... Place The Entire Stock On Sale... JUST BEFORE CHRISTMAS... At Extreme Price Reductions... To Dispose Of This Great Overstock IMMEDIATELY!

SORRY—But since one of the main purposes of this sale is to raise cash... NO OPEN CHARGES DURING THIS SALE—Cash, BankAmericard or Master Charge only.

There Will Be No Let-Up To This Sacrifice... And To The Price Slashing Until At Least Three-Fourths Of This Fine Stock Is Sold And Turned Into Cash... At Cost... Near Cost... Below Cost... Makes No Difference... We Realize That Only Extremely Low Prices... Is The Only Thing That Will Accomplish Our Purpose QUICKLY!

"Who's in Control"

Most of us like to feel that we're "in the driver's seat." But what happens when, for one reason or another, we lose control of our experience?

In this public lecture, Charles W. Ferris, an experienced Christian Science practitioner, shows how we can take control of our experience by submitting to the perfect control of God.

In three actual and vivid experiences he tells how health was restored, a business career saved, and human relationships corrected, all when the individuals involved were willing to submit to the perfect will of God.

Admission is free. Everyone is welcome.

School Announces Cosmetology Class

Vocational training in Cosmetology is now offered by the Pomona Adult School through three separate classes newly introduced into the school program.

Instruction is approved by the State of California Board of Cosmetology Department of Professional and Vocational Standards and is designed to provide beginners in the field the full 1600 hours of certified training which is necessary to obtain State Licenses.

Three separate classes are scheduled, each to begin January 5. One class will meet during day hours Monday through Friday from 8:30 A.M. to 2:30 P.M. Two other classes will meet 6:30 to 10:30 P.M. Monday through Thursday and 9:00 A.M. to 1:00 P.M. on Saturdays.

Instructing the courses will be Mrs. Nina Wallace, Mrs. Rose Aleardo, and Mrs. Louise Ward. All are licensed cosmetologists certified as instructors by the State and credentialed to teach in the public schools.

Recurring cost of instruction is \$19.50 per semester, which includes tuition and a \$15.00 supply fee. One-time initial costs total \$41.50 which provides cosme-

tology kit, textbook, and uniform. The \$19.50 fee is payable immediately upon registration; the \$41.50 charge is payable at the first class on January 5.

Registration for all three classes is currently in progress at the Pomona Adult School Office which is located at 800 South Garey in Pomona. Enrollment hours are 8:30 A.M. to 4:30 P.M. Monday through Fridays, 7:00 to 8:30 P.M. Monday through Thursday evenings. Day hours only will be observed during the period December 22 through January 2.
